

iDO gives you a rundown of the latest Asana updates

Dear readers,

This month, iDO brings you a recap of the latest Asana updates since June 2024. Whether you're already a seasoned user or just exploring the possibilities Asana offers, this update will help you make the most of the new features.

1- Productivity

Chrome extension + Asana update

Search, create, and edit tasks from any web page using the Chrome browser.

iDO tip: Perfect for speeding up task management while browsing.

Available for all plans, June 2024

[More info](#)

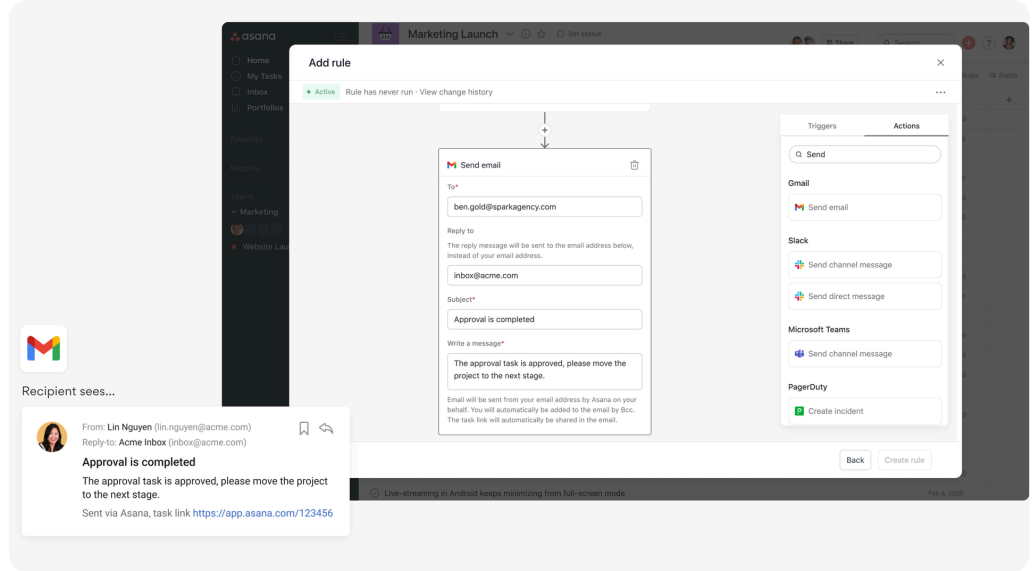

Gmail e-mail rules

Add recipient variables and information to your emails based on Asana rules.

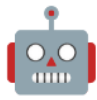

iDO tip: Automate email sending via Gmail to ensure no important follow-up is missed.

Available for all plans, June 2024

2- Asana AI

Smart Projects

Avoid blank page paralysis by letting AI create your projects' structure.

iDO tip: A quick way to kickstart projects without wasting time on the initial setup.

Available starting from the Advanced plan, July 2024

[More info](#)

Goals with the help of AI

Write more effective goals with the help of AI, based on best practices.

iDO tip: Optimize your goal management processes (especially with the OKR methodology) through intelligent recommendations.

Available starting from the Advanced plan, July 2024

[More info](#)

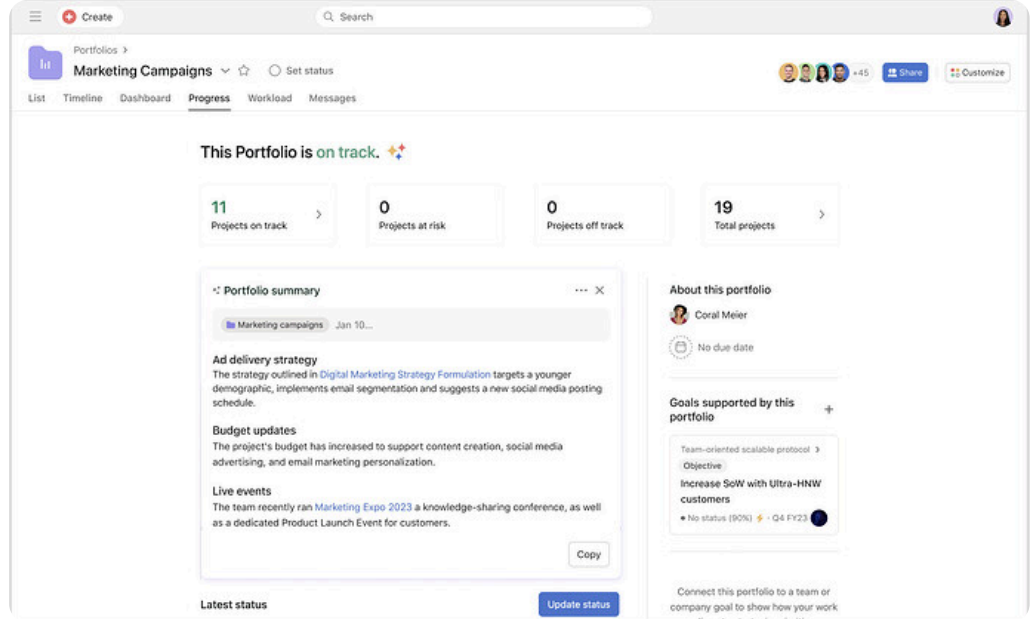

AI summaries for projects or portfolios

Receive an AI-generated summary of a project or portfolio in your inbox for easy sharing.

iDO tip: An efficient tool to stay informed effortlessly.

Available starting from the Advanced plan, June 2024

Three existing IA features now available in previous price plans

Smart Projects, Smart Summaries, Smart Rules.

These features are now available to all users on legacy plans (Premium, Business, Enterprise), to simplify project management.

3- Data visualization

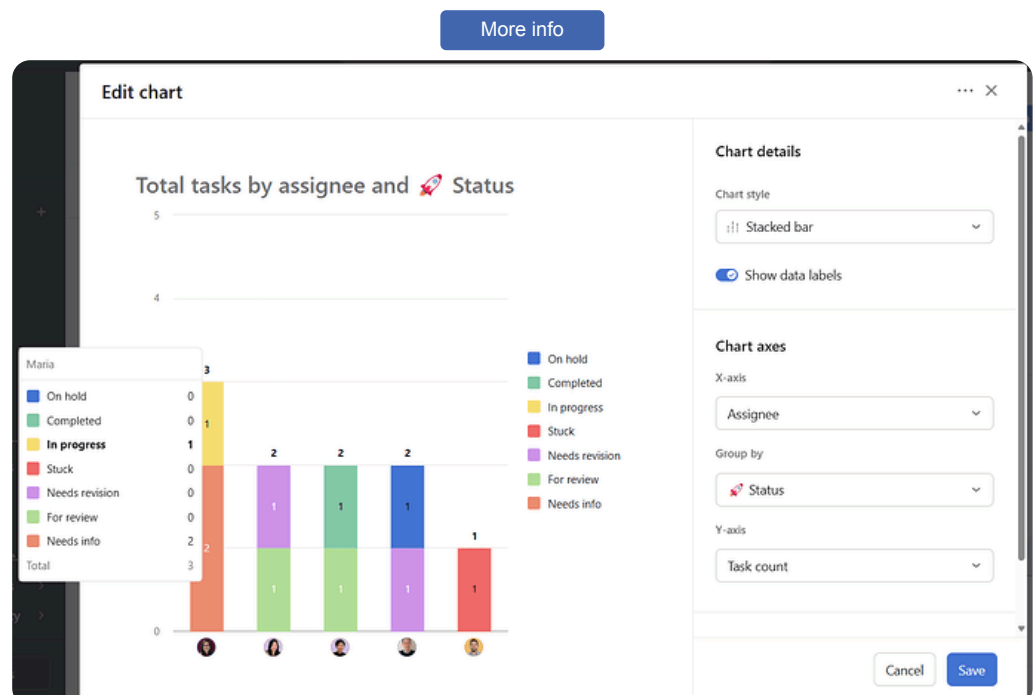

Data labels on graphs

Show or hide data labels on your dashboards for better readability.

ido tip: Adjust the appearance of your charts based on meeting or presentation needs.

Available for all plans, July 2024

PDF export of portfolio

Generate a comprehensive summary of your portfolio in a presentable PDF format.

iDO tip: Perfect for official presentations or progress reports.

Available starting from the Advanced plan, July 2024

4- Collaboration and Processus

Shared project teams

Quickly add multiple members by sharing a project with up to ten teams.

iDO Tip: A great time-saver for projects involving multiple departments.

Available starting from the Advanced plan, as of August 2024

[More info](#)

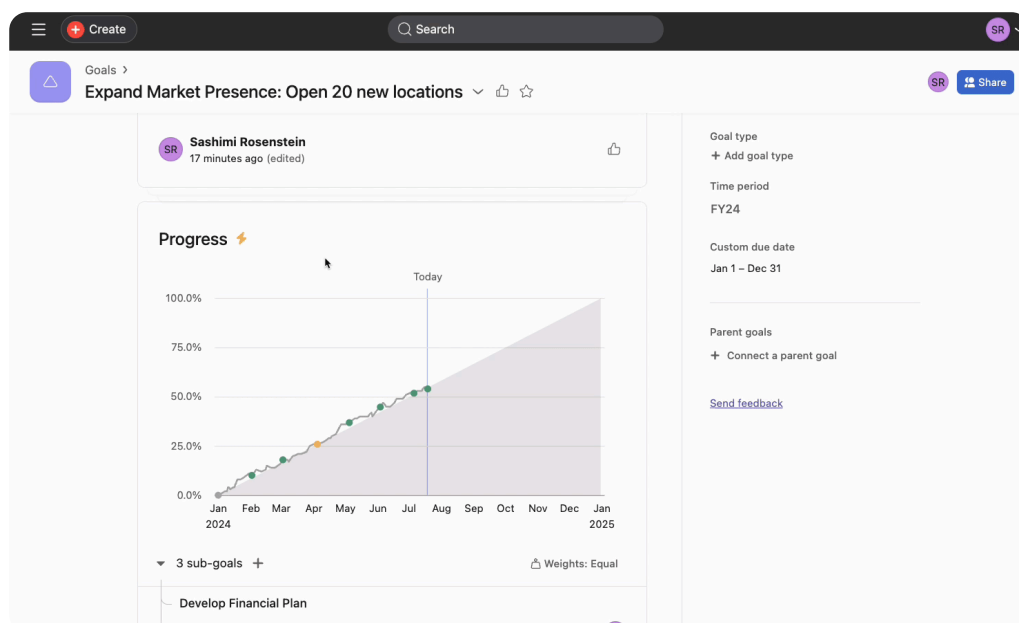

Progression of goals over time

Use a graph on the goal details page to visualize progress over time.

iDO Tip: Perfect for tracking project progress on a regular basis.

Available from Advanced plan, August 2024
